Packing Tips for the 2008 Give it a Name Festival

This year's GIVE IT A NAME festival is this weekend and, if you're planning on coming, we are looking for your involvement to help in make this an unforgettable event. Besides wearing your echelon gear (we suggest WHITE for sheffield and BLACK for LONDON), we encourage you to participate- and ask that you encourage your fellow concert goers to participate in some ways as well - here is a list of things that you could/should bring with you:

Echelon gear
Homemade Flags
Headgear/Masks (white bandanas for sheff - black for london)
Warpaint - the crazier the better
Glowsticks and other 'glowing' elements

And, of course, feel free to be your creative selves.

See you.... soon!
